SECTION - III

INSTRUCTIONS TO BIDDERS

1) Background:-

Government of India has approved Phase – II of FAME India Scheme (Faster Adoption and Manufacturing of (Hybrid &) Electric Vehicles in India) for 3 years commencing from 1st April 2019.

Under Phase –II of the FAME India scheme, Govt of India intends to support the development of EV charging infrastructure by extending capital grant reorganizations for promoting the use of electric vehicles. The Department of Heavy Industry has invited an Expression of Interest dt 28th Aug 2019 from Public and Private entities for setting up EV charging stations within cities. After evaluation of proposal, Govt. sanctioned 2877 EV Charging Stations for 22 public entities.

The Government of Maharashtra has also published the EV policy vide dated. 23 July 2021

2) Policy by Government of India:

The Ministry of Heavy Industries and Public Enterprises, Department of Heavy Industries launched a scheme namely, Faster Adoption and Manufacturing of Electric Vehicles (FAME) and currently its second Phase is operational as FAME II Scheme¹. Under the FAME Scheme, the central government provides various incentives for manufacturing of electric vehicles and allied infrastructure.

The funds allocated for promotion of charging infrastructure in the FAME scheme stands at 1000 Cr.

- i. The Government of India (GoI) published a revised EV policy of 14/01/2022 which provides guidelines regarding utilization of public spaces owned by government organizations.
- ii. Clause 9.3 of the guidelines states that- ***“Accordingly it is provided that the land available with government slash public entities shall be provided for installation of public charging stations to the government/ public entity on the revenue sharing basis for installation of public charging station at a fixed rate of Rs. 1/ kWh (used for charging) to be paid to the land owning agency from such PCS business payable on quarterly basis..... Such revenue sharing agreement maybe initially entered by the parties for a period of 10 years. The revenue sharing model may also be adopted by the public land owning agency for providing the land to a private entity for installation of public charging stations on bidding basis with a floor price of Rs 1/ kWh.”***

3) MAHAPREIT Introduction:-

I. Mahatma Phule Renewable Energy and Infrastructure Technology Ltd (MAHAPREIT) - MAHAPREIT was set up in April 2021 to venture into RE and Green technology areas and infrastructure projects as fully owned subsidiary of MPBCDC and the Govt. of Maharashtra has allowed to take up RE and Green energy, Infrastructure projects on Govt-to-Govt basis (G2G basis) vide GR dated 10th July 2023. Government of Maharashtra has set up the "Mahatma Phule Backward Classes Development Corporation on July 10, 1978 under the Companies Act, 1956 with the main objective of accelerating the economic upliftment of the economically weaker families of SC communities in the State of Maharashtra. The ratio of shareholding between State and Central Government is 51:49 % respectively having authorized share capital of Rs. 1000 Crore.

II. MAHAPREIT having objectives to establish and carry-on business of Generating, Trading, Operating, Leasing and Renting Renewable Power Projects, mainly but not limited to Solar Power Projects including Solar Parks along with sub-stations and transmission lines on ownership and/or build, own and transfer basis. Further objects are to establish and/or carry on business in relation to Decarbonization and energy efficiency, battery storage solutions, alternative fuel cell technology and climate change issues in accordance with Ministry of New and Renewable Energy (MNRE) schemes/policies or Ministry of Power or any such department of Govt of India (GoI) and its PSU/companies and Govt of Maharashtra (GoM) Energy dept's Renewable Energy Policy as amended from time to time and all incidental and allied activities required for such business.

III. NAVYUG SCHEME:-

MAHAPREIT implements "NAVYUG SCHEME" to get the integrated, inclusive and comprehensive effects of all the input supports of MAHAPREIT company to the target beneficiaries of MPBCDC Limited as defined from time to time by Govt of Maharashtra.

MAHAPREIT undertakes such projects under different verticals like –

- i. Renewable Energy with Solar Power, hybrid and RE centric Projects,
- ii. ESCO model Energy saving Scheme for ULB & Govt of Maharashtra agencies.
- iii. Agro Processing Value Chain and Biofuels,
- iv. Affordable Housing, ARHS and schemes under MoUHA, GoI under EWS and PMAY,
- v. Highway and Infrastructure Projects,

The bidder shall be entitled for revenue from EV charging services from consumers after deducting the facilitation charges of MAHAPREIT.

18. Scope of work of MAHAPREIT:-

- i. MAHAPREIT will work as a facilitator for this project and shall coordinate with the various Central and State Govt. departments
- ii. MAHAPREIT will allocate suitable land parcel provided by these government organizations to the bidders for EV charging stations along with Power Connection with Electricity Meter Named after MAHAPREIT.

19. Quantity of EV Charging stations:-

16 Nos of locations as identified by MAHAPREIT.

MAHAPREIT will obtain the land locations from the government organizations for the period of 10 years. The rights may be further extended for the period of 5 years.

The above list is indicative based on the agreements with above government organizations. The quantity of EV Charging Stations may increase or decrease. MAHAPREIT reserves the right to allot the EV Charging stations to the successful bidder based on the actual land availability.

20. Allotment of EV Stations to more than one Agency: -

“MAHAPREIT reserves the right to allot the EV Stations to more than one agency. In this regard, the qualified agencies have to match the highest revenue sharing rate of the bidder. If they match the rates then they shall be considered for allotment of EV Stations.

MAHAPREIT reserves the right to allot the work of EV Charging stations as per the policies / objectives of MAHAPREIT / MPBCDC.

21. MAHAPREIT facilitation charges:-

The bidder will have to pay facilitation charges to MAHAPREIT for which separate offer will be obtained from the successful empaneled bidder.

Chief General Manager (REEM)
MAHAPREIT

Technology Requirements of MAHAPREIT:-

- A. The technology should be Made in India.
- B. The EV Chargers should be a package of DC Chargers coupled with IoT based App compatible with all operating systems along with facility to integrate with Renewable Energy and ESS.
- C. The EV chargers and IoT based App should be developed and maintained by the same manufacturer only.
- D. Ability to provide EV chargers and IoT based App with an interface mentioning MAHAPRIET or its sub-brand as controlling party for the proposed infrastructure in this EoI as well as similar works in the future.
- E. The complete solution should be able to provide complete data visualization such as Energy consumed, Source of energy, Type of Vehicles, Payment Information, Advance Booking facility of EV Charging Station etc.
- F. There should be an option of ESS (Energy storage systems) in areas where Grid availability is less than 80%.
- G. DC Chargers should be able to start in instantaneous/ plug n play mode in less than 10 seconds
- H. Develop an arrangement to offer minimum 10% discount on price of Electricity consumed compared to prevailing tariff of electricity in the market.
- I. Develop EV Charging Infrastructure as well as recreational infrastructure for users of EVs. The type of recreational options should be legitimate and finalized in consent with MAHAPRIET.
- J. The EV Charging Station should be able to provide all necessary safety measures such as backflow current protection, insulation monitoring, automatic shutdown against insulation failure, stable power output, dynamic load sharing, automatic power distribution etc.
- K. The technology selected should have PAN India service available.
- L. The technology provided should have feature for remote monitoring for diagnosis of faults and firmware updates.
- M. The technology provided should have bidirectional charging with V2G (Vehicle-to-Grid) support.
